

ADDENDUM NO. 7

REQUEST FOR PROPOSALS (RFP) – Website Design, Redesign, Migration and Hosting Services for the City of Floresville website and other agencies.

City of Floresville, Texas

Date Issued: April 21, 2026

RFQ Title: Website Design, Redesign, Migration and Hosting Services for the City of Floresville website and other agencies.

This addendum forms part of the RFP and modifies the original solicitation as noted below. All other requirements remain unchanged.

Questions & Responses

Question:

User Groups: Who are the primary volunteers (e.g., general citizens, students, specialized professionals)?

Response:

On page 7 of RFP Table 1- CMS Features regarding the “Volunteer Management & Registration software” module has been deleted and no longer needed.

Question:

Programs and Activities: What types of activities will they be volunteering for (e.g., Event Center programs, Public Works projects, or Economic Development initiatives)?

Response:

On page 7 of RFP Table 1- CMS Features regarding the “Volunteer Management & Registration software” module has been deleted and no longer needed.

Question:

Required Functionalities: Beyond the ability to provide web-based software or third-party embeddable portals, are there specific backend requirements such as volunteer hour tracking, background check integrations, or automated shift reminders?

Response:

On page 7 of RFP Table 1- CMS Features regarding the “Volunteer Management & Registration software” module has been deleted and no longer needed.

Question:

Volunteer Management & Registration software (Can you please let us know what functionality you are looking for? Are you just wanting to be able to create forms to handle various volunteer opportunities and/or registration or are you wanting additional features)?

Response:

On page 7 of RFP Table 1- CMS Features regarding the “Volunteer Management & Registration software” module has been deleted and no longer needed.

Question:

Social Media (Can you please let us know the specific functionality you are looking for? Links off the website, feeds pulled in from social media, etc...)?

Response:

All inclusive and for all to be posted in real time.

Question:

Event Center

Recreation Programming /Event Registration & Facility Management (Can you please let us know what features you are looking for? Are you looking for a turnkey solution or a way to allow the public to see availability and request booking, perhaps pay for a rental?)

Response:

We have a module through Tyler Technologies/InCode that is not in use at the moment. We would like to implement the module with the new website. Or have the vendor present a better solution to allow the public to see availability, request booking and pay for their rental.

Question:

CivicClerk:

The City is moving toward using CivicClerk software for meeting management; the web team is expected to become familiar with its integration. Does this mean the City is already using this tool and the new website needs to be able to integrate it or is the City still open to alternatives?

Response:

The City will begin utilizing CivicClerk by the end of May 2026. Yes, the new website will need to be able to integrate.
