#### **Question & Response**

##### **Question:**

I noticed on the submittal form that this is coming from F&W Electric. Do we have to use F&W Electric for the fixtures and poles or can we use our own vendor?

##### **Response:**

The inclusion of F&W Electric on the submittal form is for reference only, to match the existing lighting. The fixtures and poles are not required to be purchased through F&W Electric, and you may use your own vendor, provided the materials meet the project specifications.

##### **Question:**

Also, can we set up a time to meet at the site?

##### **Response:**

Regarding a site visit, we would be happy to coordinate a time to meet. Please let me know your availability, and we can schedule accordingly.
